Hello Wally,

Eric Stricklin's office will be sending out an exploratory scheduling email for a meeting and I'd like to make sure the appropriate people from EPA are invited to the call. I am to send him a list of current members.

I've replaced Sheryl with Calvin. Who else from your office should be invited?

Thank you,

Subject: RE: Bradford Island Project Call - Final Agenda

Good morning,

Thanks to everyone who are organizing the group for the next manager's meeting. Just to make things clear, I wanted to provide you some information in regards to Bradford Island and who is who now in EPA R10 as some hiring has recently been finalized.

First, Calvin Terada is our new Division Director for the Superfund Emergency Management Division (formerly known as the Office of Environmental Cleanup.) Calvin reports to our politically-appointed Regional Administrator, Chris Hladick and is technically replacing Sheryl Bilbrey who left the agency over a year ago. Once she departed, we've had a couple Acting Division Directors including David Allnutt and most recently Sheila Fleming. Some of you may know Calvin as most recently he lead our Emergency Management Branch and prior to that our Emergency Response Section.

Within the Superfund Emergency Management Division we have 2 main branches: the Emergency Management Branch (EMB) and the Remedial Cleanup Branch (RCB). EMB includes emergency responses, removals and the site assessment program which prepares sites for NPL listing and is now lead by Beth Sheldrake. RCB is a bigger branch and handles all the NPL or NPL-caliber sites and does not currently have an official permanently in the position.

I lead the Section within EMB that oversees removals and the site assessment program and Ken Marcy is our NPL Coordinator and Site Assessment Manager. Kira Lynch is in an acting role and leads a Section of RPMs and Sean Sheldrake has most recently become involved to understand the Site status and identify any gaps in technical progress of cleanup at the Site. Richard Mednick is our attorney.

Region 10 did its part in preparing draft materials for the Site to be listed on the NPL which was provided to our HQ office for further processing. Ken is our lead on this. We are still in the process and have been communicating with HQ on the status. As you may imagine, there are many layers at HQ that are involved as this Site is also a federal facility. I believe there are meetings setup for the near future for our Div Director and key HQ staff. Once Kira or I get word on the status, we'll be happy to share what we know.

I hope this information is useful and please let anyone one of us in R10 know if you have any questions or concerns.

Thanks,
Wally

Hello Leah / Eric -

Now that Leah has returned to her regular duties, after covering for Richard Whitman, I am wondering if you've had some time to discuss the next Bradford Island Managers meeting? If there are no objections, I'll go ahead and send the poll early next week.

Thank you,
rose

Hello. It has been more than 6 months since our last Bradford Island Managers discussion. I recommend a quick check-in and followup on:

- Highlights of current site activities;
- Status of the NPL listing; and
- Status of the MOU

If Eric and Leah would like to discuss / coordinate a meeting (as indicated below) for later this month that would be great. Otherwise, I am happy to send out a doodle poll.

Thank you,
rose

Hello everyone,

I had said I would send out next steps/action items, so I apologize that this is delayed. Here are the next steps:

1. Meetings:
 - a. We decided the TAG meetings would continue on a monthly basis.
 - b. We decided the manager meetings would continue on a quarterly basis. Eric (ACE) to coordinate and/or coordinate with Leah (ODEQ) first.
2. MOU:
 - a. Everyone needs to look at the MOU and determine if it is signable before the next managers meeting. Please coordinate with your respective counsel for your recommendation.

Anything I missed?

Leah
